### **LGM announces it is among the fastest-growing companies in Canada as published by PROFIT magazine**

**Oakville, Ontario, Canada, June 16, 2009** – Lions Gate Marketing Company Ltd. (LGM), a leading supplier of extended warranty, group credit insurance and automotive theft deterrent products is proud to announce that it has been selected, along with its parent company, Omni Companies, by PROFIT magazine as one of Canada's Fastest-Growing companies ([www.profit100.com](http://www.profit100.com)).

Omni Companies ranked 195 out of the top 200 participating companies for 2009. Omni's revenue growth in the past five years was 335%, coupled with employee growth from 22 employees in 2003 to an impressive 70 in 2008.

"We are very proud to be recognized by PROFIT magazine as one of Canada's Fastest-Growing companies" said Randy Price, President of LGM. "In an economic climate where many companies are struggling, our ability to grow is a direct reflection of our sound business practices and dedication of our employees to answer the needs of the automotive dealership's business office. This recognition, along with being listed for a second year in a row on the Great Place to Work® Institute Canada's list of top employers, contributes to illustrate why we are seen as benchmarks for the industry."

"It is not lost on me as to who the major contributors are to this great achievement" said Adam Hill, Chief Executive, Omni Companies. "It is our growing team of talented individuals at Omni Companies who have made this distinction a possibility. Since our inception we have been committed to achieving the extraordinary—in fact, what others would consider impossible. Through relentless pursuit, and often acting "unreasonable" in the face of "reasons" why things cannot be done, we have not only forged an impressive revenue record, but we have done so while preserving our mantra of "as good as it gets."

"This distinction places Omni and LGM in a very select group of enterprises that are surging forward at a pace that is certainly not common and arguably world-leading. This type of corporate recognition provides confidence to our employees, clients, suppliers and alliance partners."

#### **About LGM**

Founded in 1998, LGM is one of Canada's leading, tier one suppliers of extended warranty, credit insurance and theft deterrent products for the automotive and recreational vehicle industries. As a dealer development company, LGM improves the profitability of business offices by providing innovative products that offer real-world value to their customers. With over 900 active dealers, business relationships with original equipment manufacturers such as Volkswagen Canada and Kia Canada, and a national team of Dealer Development Managers offering local sales training and support, LGM has a reputation second to none in the Canadian automotive marketplace.
