

# MECHANICAL breakdown PROTECTION

SecureDrive LTD takes the worry out of previously owned vehicles by providing limited protection for powertrain components. Designed to protect you from the cost of unexpected mechanical failures and the rising cost of automotive repair, SecureDrive LTD covers many of the components that regularly break down on a vehicle. SecureDrive LTD protection is available for any purchased, financed, or leased vehicle and has optional upgrades to provide more comprehensive coverage.

## SecureDrive LTD includes:

- Customizable coverage with three claim payout limits to choose from.
- A variety of distance and time based term options to suit your driving style and the intended length of vehicle ownership.
- Optional component upgrades including Seals and Gaskets and an Extended Package that covers steering, brakes, electrical, air conditioner, and fuel delivery systems.
- Additional upgrade options including 24-hour roadside assistance and a rental vehicle benefit.

Note: A maximum value per claim applies to SecureDrive LTD plans. Please review which plan is best for you with your authorized dealer.
