

LGM Distinction provides a unique form of expertise and support to our strategic partners, ensuring optimal performance and profitability in the Financial Service Office, and an improved consumer experience throughout retail operations.

THE FINANCIAL SERVICES ANALYSIS

The Financial Services Analysis (FSA) includes up to *three days of LGM in-dealership consulting*. Using components of our proprietary performance improvement formula, we produce a complete financial and demographic analysis of your business, along with a performance improvement blueprint specific to your dealership's Financial Services Office.

Right now, dealerships are drawing from LGM's consulting expertise and are executing recommendations from LGM's Proprietary Distinction Formula; a proven formula that is working in dealerships across the country

Our recommendations help Dealers realize quantifiable financial improvements and an improved experience for their customers. **BOOK YOUR FSA TODAY!**
